

Don` t believe

When your heart is weak you don` t nowhere to go
And you cannot sleep and it` s time to go
And heaven is a million miles away for you girl
And the rainbows end there is a place for you
Just believe in yourself there is so much to do
Between the shadows and the lonely hearts for you girl

I know it` s not an easy love Enough now baby just enough
Oh baby you destroy this love You` re like the devil in the dark

**Don` t believe, oh what they tell about me,
Don` t believe, it` s only mistery
Don` t believe in my heart it` s raining...raining...raining.
Don` t believe, oh what they tell about me,
Love is like a crazy synphonie
Don` t believe in my heart it` s raining...raining...raining.**

Break a heart of stone careless memories
Candles in the wind, can turn back the years
And heaven is a million miles away for you girl

I know it` s not an easy love Don` t never leave me it` s so tough
Cause you` re the angel of my heart Sometimes the devil in the dark

**Don` t believe, oh what they tell about me,
Don` t believe, it` s only mistery
Don` t believe in my heart it` s raining...raining...raining.
Don` t believe, oh what they tell about me,
Love is like a crazy synphonie
Don` t believe in my heart it` s raining...raining...raining.**

**Don` t you believe, oh what they tell about me,
Don` t believe, it` s only mistery
Don` t believe in my heart it` s raining...raining...raining.
Don` t you believe, oh what they tell about me,
Love is like a crazy synphonie
Don` t believe in my heart it` s raining...raining...raining.
Don` t believe, oh what they tell about me,**
